Premiums for PEBB Continuation Coverage members can be found by visiting the Health Care Authority's (HCA) website at hca.wa.gov/erb. ² Both UMP Plus networks have the same monthly premiums

Why are UMP Plus premiums lower than UMP Classic?

Accountable care networks, like UMP Plus, were created to promote high-quality care at a lower cost. UMP Plus providers agree to be accountable for delivering and evaluating the quality of your care. When you receive preventive care and coordinated treatment, the overall cost of that care is lower. These cost savings help us keep your premium and deductible lower without limiting necessary care.

You must use providers in your chosen network for the plan to cover benefits at the network rate. See the back of this document for details on deductibles and out-of-pocket limits. All benefits are subject to the medical deductible and coinsurance unless they are for covered preventive care services. You pay \$0 for covered preventive care visits and covered immunizations when you see a network provider. Read the “Preventive care” section in the 2022 UMP certificates of coverage (COCs) for more information. This material reflects

information available at the time of printing. The contents are subject to change in response to further state or federal guidance regarding health care reform requirements. This is a summary of benefits; it is not a COC. All benefits must be medically necessary for the plan to cover them. To confirm up-to-date information, please refer to the 2022 UMP COCs by visiting Forms and publications at hca.wa.gov/ump-pebb-coc for complete lists of benefits, limitations, and exclusions.
